

## German international school in Chennai

The Deutsche Schule Chennai, the first bilingual German international school, has been opened at the beautiful suburb of Nilangarai, 20 minutes drive from Adyar. Initially it will provide admission up to 50 children at the kindergarten and pre-school age. Additional space for children of the elementary as well as secondary levels will be provided in due course.

The primary goal of the exclusive German school is to impart the joy of learning to all children. The joy of studying here uncovers many more treasures and makes them into happy active children motivated and willing to learn. In order to recognize the uniqueness in every child, a proven scientific test procedure is adopted. This is supported by assignments for the child in special courses through which the special talents are further nurtured and strengthened. Music, art, theater, mathematics and sports are some of the spe-

cial courses offered.

Deutsche Schule Chennai is committed to inspiring students to achieve the highest standards of intellectual and personal development through a stimulating and comprehensive curriculum.

Presently the school is spread over a 7,500 sq. ft. colonial style

house with landscaped garden, a swimming pool and an attractive play area.

The two-storeyed fully air-conditioned building comprises six classrooms and two spacious halls, as well as two roofed balconies for additional activities. Each nursery group will contain a maximum of eight children supported by one teacher and one teaching assistant.

Construction of an innovative school campus with a spacious area for the elementary, middle and secondary levels with sufficient space for sports and other after-school activities will start in 2011. This will be of the latest architectural design which incorporates new patterns linking classrooms.
