(Kindergarten/Pre-School, Primary- and Secondary School)

### About us:

German International School (GIS) Chennai offers a unique concept in Tamil Nadu by combining bilingual, project-oriented learning within inter-year classes.

We provide international high standard education for children aged 18 months up to 12<sup>th</sup> grade, starting from Kindergarten up to upper Secondary School, according to the UK based Edexcel Curriculum from Pearson. Our well recognised school leaving certificates "International General Certificate of Secondary Education" (IGCSE) and the "International AS-/A-Level" (IAL) for 11<sup>th</sup> and 12<sup>th</sup> grade, allow our students enrolment at prestigious colleges and universities around the globe.

According to the demand, we are able to offer the "Deutsch Internationale Abiturprüfung" (DIAP) which is the international school leaving certification in Germany.

Our progressive concept encompasses the latest educational suggestions of the German Federal Ministry of Education and Research and therefore differs from traditional schooling as mostly applied in India.

Our concept is guided by a holistic approach to teaching, taking the individual potential and needs of each child into account. The usage of specific pedagogical methods and tools is a must to achieve best results in personal development. To strengthen the social skills of our pupils, we do follow the inter-year class concept and offer various intercultural projects in our afterschool programme. Lessons are mainly multidisciplinary and designed in a project-oriented approach. As a result, our pupils develop a sense of independence, self-confidence and self-reliance in short time, which in turn helps them become more autonomous.

Opportunities for an internship within the German International School Chennai, involve the applicant to be studying in a field related to education sciences, teaching and/or pedagogy.

The minimum time frame for an internship within our organisation is 4 months, but ideally one complete school semester (5-6 months).

### We offer internships in the following groups:

- Kindergarten (3 to 5 years),
- Primary School, (Grades 1-4),
- Secondary School, (Grades 5-12).

### We seek to work with interns equipped with the following skills:

- Student or post-graduate in a subject related to education sciences, teaching or pedagogy.
- Excellent spoken and written English (preferably also one further language like German or French).
- Adaptability, flexibility and motivation.
- Friendly and open minded personality with professional manner in contact with parents and team.
- Creativity to handle challenges in a young and growing organisation.
- Availability to be involved in extracurricular activities of school and kindergarten.
- Ability to work closely together in the team as and the willingness to prepare lessons independently.
- Professional experience in working with computer and common media.

### We offer:

- An exciting international experience in the fascinating culture of India,
- Vocational training and coaching.
- Assistance in finding a suitable accommodation.
- Free Food & Beverage at school (except during school holidays); small financial compensation for longterm internships (5 months +).

Kindly send your application including a motivation letter and CV (both in English), current picture, reference letters and certificates to Mrs. Anita Karvinkop: [career@chennai.gis.com.de](mailto:career@chennai.gis.com.de).
